MIXED PETERSON SCORING

1. Bowlers bowl three games handicap for points.
2. Points are earned in accordance to position in game.
3. Five bowlers to a pair of lanes for 15 points per game.
4. In each game - high bowler 5 points, second high 4 points etc.
5. Points for the three games are totaled along with overall series (a 600 series is rounded off to 6.00 and added to other points earned.)
6. Standings will be posted for the following week.
7. Five person groups will be ranked by points.
- 8. Mixed league handicapped 80% of the difference between average and 200.**

Advantages - This makes for an exciting match up between diverse bowlers. Your average is not the most important aspect for this league. At the end of the 16 week schedule each bowler will be paid in accordance to their point standing. Subs will be permitted to bowl in this league if you are unable to bowl. The \$4.65 dues will remain the responsibility of the regular bowlers, and must be paid the following week in full.

Example - Pat bowls a series for the night of 550

Pat earns a total of 14 points for the night, in three games.

This computes into $5.5 + 14$ points for the night, in three games for a total of 19.5 for the night.
